Statement on July 1 Regional Council Action on the SoCal Greenprint

On July 1, SCAG's Regional Council directed staff to pause the implementation of the SoCal Greenprint for at least 30 days, hold a public hearing, and engage with stakeholders to consider and address concerns.

Consistent with Regional Council direction, a public hearing was held for stakeholder input on Aug. 24 and a second public hearing will be held before the Regional Council as part of the Oct. 7, 2021 Regional Council meeting.

Additionally, based on Regional Council direction, staff is currently:

1. Refining the list of data sources and data sets related to engaging in stakeholder outreach and seeking input to address stakeholder concerns.
2. Integrating stakeholder feedback into tool technical development and internal beta testing.
3. Engaging with stakeholder discussions, meetings, outreach, and messaging with respect to the tool and its proposed data sets.
4. Continuing discussions with technical advisory experts for purposes relevant to matters noted above.
